**eScrip Recycling:**

So far this school year, we are doing very well with our eScrip Recycling Program. We have been receiving a steady stream of used printer cartridges weekly. Let's not only keep up the good work, but let's strive to do better. How about asking friends, family and coworkers to turn over their recyclables to you, so that you can turn them into the school to be recycled and to earn much needed money for the school?

Did you just receive (or buy) a new wireless phone, iPod or laptop computer as a holiday gift for you or someone else? Please join our school and eScrip in reducing electronic waste by recycling your old, unwanted, unused device (cell phone, iPod, or laptop computer). You could conserve natural resources while helping to raise funds for our school--- just by dropping off you used devices at the big green recycling bin in the main lobby of the school, near the elevator. It's that easy! As a reminder, we continue to accept used printer/copier toner & ink cartridges for recycling, as well. If you have a valuable item that you would like to recycle through the school, and don't feel comfortable leaving it in the big green recycling bin, you can bring it to the school office, and we will ensure that it is processed safely and appropriately. If you have any questions about this and any other eScrip programs, please email Camille Inyang at [camille.inyang@sbcglobal.net](mailto:camille.inyang@sbcglobal.net).

**All of this information and more may be found on our website, [www.stpaulsf.net](http://www.stpaulsf.net).**

Thank you to all for your continued participation in the eScrip Recycling Program.
