

**ST. PAUL'S SCHOOL**  
**San Francisco, California**

**OVERVIEW**

St. Paul's is a Catholic elementary school serving children in kindergarten through eighth grade. Our attractive new building at 29th and Church Streets in San Francisco's Noe Valley neighborhood has one classroom per grade. Most classes average less than 30 students, with full-time para-professionals assigned for grades K-3. Students are attracted from all parts of the city and Bay Area.

In July 2010, St. Paul's School was awarded the highest accreditation - 6 years - by WASC, the Western Association of Schools and Colleges, and WCEA, the Western Catholic Educational Association.

St. Paul's offers an education that prepares students to become responsible and effective Christian adults. With spacious classrooms, our school is large enough to accommodate several new students per grade. In addition to nine regular classrooms, our school has special rooms for art/fine arts, science, and extended care. There is also a technology/library center and a beautiful gym/parish center. The K-8 curriculum includes: religion, math, reading, language arts, science, social studies, computer education, music, physical education, and art. During the 2011-2012 school year, Spanish is included in K-7 curriculum and will be included in eighth grade the following year.

St. Paul's School offers a full-day Kindergarten program. The school also has an after school athletic program for students in third grade through eighth grade that is coordinated by the parish with oversight by the Catholic Youth Organization (CYO).

The school offers an extended care program on a full-time, part-time, or drop-in basis. Students may arrive as early as 7:00 am and may remain until 6:00 pm. The extended care program is only available on school days which excludes holidays and school vacation days. Students who attend our extended care program are given a nutritious snack every afternoon. Ample time is available for students to play (both inside and outside), complete homework and participate in special activities. More information about our extended care program may be obtained from the school office at (415) 648-2055.

Parents who are interested in looking at our program in action may attend a school tour led by the principal on Wednesday mornings from 9:00 am to 10:00 am. These classroom observations are by appointment only. Please call our office to set up an appointment.

If you have other questions about our school and curriculum please feel free to phone our office. One of our friendly staff will be able to assist you.
